# PILLOW MENU

**Our absolute priority in the Art Hotel is your peaceful sleep – therefore, in order to make your nights here a time to remember, we have prepared a few types of pillows, depending on your needs.**

## **Bolster pillow**

Provides optimal support for the neck and head in every position. Furthermore, it also reduces the shoulder pains and headaches, increasing the sleep comfort and helping you rest.

## **Orthopaedic pillow**

Keeps the spine in the right position, helping to remove headaches, alleviating pains in the neck and back. What is more, it also reduces problems associated with stress and insomnia.

## **Anti-house dust mites pillow**

Perfect for allergy sufferers. It guarantees the complete protection against mites getting into the pillow. This pillow will give you a healthy and calm sleep.

## **Pillow with buckwheat hull**

A stress-killer, provides a comfortable support for the neck, shoulders and head. Thousands of small buckwheat grains in the pillow improve the air circulation. Thereby, your scalp is always dry.

## **A pillow under the neck**

A dual-chamber foldaway pillow of many assets: supports the neck, allows you to sleep in different positions – higher or lower, can also support your back

## **A down pillow**

High quality down – incredibly soft and elastic. Excellent thermal isolation, protects the organism from overheating. Provides perfect support for the neck and head. Full comfort of sleep.

The pillow menu is available on request.
